

### Rationale for Requesting Activation of ECON 9000

ECON 9000 was active during the quarter system. It was de-activated when the system changed to the semester system. The PhD program in Economics was introduced during the semester system. It was assumed that ECON 9000 was active at the time the PhD program was initiated. Since this is not the case, the School of Economics is now requesting activation of ECON 9000.

ECON 9000

#### Syllabus

Doctoral Thesis

Faculty-supervised thesis research for doctoral candidates in the Ph.D. with a major in Economics.
